

How's the winter been for you are you ready for the season?

The Masters is just around the corner, just four weeks to go! I am sure that you have seen the world's top players on the television and dreamt about playing golf like them. I am not for one second going to say that I can get you to play like these players.

But what a *can* offer you is a personalised program designed around *your* goals. You would have seen the top players with their coaches and teams of people helping them achieve their goals, so why don't you start your team.

The top players in the world have coaches, they all have help, so isn't it time you get help?

My Pathway Coaching Program guides you along YOUR path to better golf. I am looking for golfers who are PASSIONATE about their golf, golfers who have the DESIRE to play better golf, golfers who want to play MORE CONSISTENT golf and golfers who want to find PRIDE in their game.

My program is designed for golfers just like you, for golfers of any standard who are willing to do whatever it takes to achieve amazing results.

I have space for 5 golfers and am opening my diary for you to apply on my website for a FREE assessment to see if you have what it takes to join my hugely successful coaching program.

If the idea of playing the best golf of your life after completing a 16 week program excites you then please visit <https://www.teachgolf.co.uk/start-here/> to apply.

Here's what a few of the graduates of the program have to say.

Jason

26 days ago

★★★★★ Great guy, easy to get along with and very patient as a teacher. Doesn't just tell you what to change and work on but puts effort into finding a message that resonates with the individual. Only half way through the pathway but has really opened my eyes to the mechanics of my swing so hopefully big score improvements are coming in the spring.

★★★★★ Jude is a great coach. He has a great way about him and really puts you at ease. Love how he has an endless supply of hints, tips and practice drills and always finds one that works for you. Jude has made golf even more fun (and slightly less frustrating)

★★★★★ Having completed Jude's Pathway program, I cannot recommend it highly enough. I found the program highly motivational and encouraged me to practice more and push through the 'bad' days! Jude's friendly, and of course, very professional instruction, has greatly improved my approach to the game, and my golf scores!
